

# RAVENOL Carb Reiniger Spray

**Kategorie:** Car care products

**Artikelnummer:** 1360305

**Application:** Workshop equipment, Passenger car, Truck, Motorcycle, Marine, Hobby and garden

0.4L | 1360305-400

**RAVENOL Carb Reiniger Spray** is a special high active system cleaner to remove contaminations and deposits in the intake and throttle valve area.

**RAVENOL Carb Reiniger Spray** has an excellent separation force against oil, grease, rubber, resin and varnish residues.

**RAVENOL Carb Reiniger Spray** is used for carburetor cleaning and throttle valve cleaning of 2 and 4 stroke gasoline engines.

**RAVENOL Carb Reiniger Spray** reduces the fuel consumption, improves the motor power, optimises the carburetor power. It is suitable for catalysts.

## Application instructions

**Handling:** Spray the parts which have to be cleaned effectually with **RAVENOL Carb Reiniger Spray** when the motor isn't running. Application time: 2-3 minutes. Then spray **RAVENOL Carb Reiniger Spray** into the intake and throttle valve area for approximately 30 seconds when the motor is running. Increase the number of revolutions a little bit to burn unfixed deposits.

## Characteristics

- improves the fuel flow and reduces the fuel consumption
- excellent cleaning power because of special surface activity
- improves the motor power
- optimises the carburetor power
- because of the 360° valve system places which are difficult to reach are no problem
- suitable for catalysts
