

RAVENOL Plastic Car Care

Kategorie: Car care products

Artikelnummer: 1360754

0.5L | 1360754-500

RAVENOL Plastic Car Care has been specially developed for plastic and rubber surfaces in vehicle interiors. Maintains and preserves the optimum material properties of the treated surfaces. Gives colors a new level of depth, strength and appearance.

RAVENOL Plastic Car Care additionally protects the surfaces with its high-quality ingredients and produces a non-sticky and silky-matt finish. The care and protective effect is retained in the long term. Any soiling that occurs is much easier to remove after treatment.

Application instructions

RAVENOL Plastic Car Care is applied lightly and evenly with a microfiber cloth (e.g. from our RAVENOL Microfiber Cloths Car Care Set) or a car care sponge. Ensure even distribution and saturation, especially on open-pored and intensively structured surfaces.

Note:

RAVENOL Plastic Car Care is stored in closed containers in a dry and cool place. Protect from direct sunlight, heat and frost. Keep out of the reach of children. Wash hands thoroughly after use.

Characteristics

- Silky-matt finish
- Repellent to dirt
- Specially chosen ingredients
- Brings new vitality to colors
