

RAVENOL Leather Car Care

Kategorie: Car care products

Artikelnummer: 1360755

0.5L | 1360755-500

RAVENOL Leather Car Care has been specially developed for leather and artificial leather in vehicle interiors. Maintains and preserves the optimum smoothness of the treated leather. Gives the color shades of the leather a new degree of freshness and depth.

RAVENOL Leather Car Care protects the leather with its high-quality, nature-based ingredients by significantly extending the lifespan of the leather - especially through regular application. Occurring soiling is much easier to remove after the treatment.

Application instructions

RAVENOL Leather Car Care is applied lightly and evenly with a microfiber cloth (e.g. from our RAVENOL Microfiber Cloths Car Care Set) or a car care sponge. Work in until every area of the leather surface has been treated. To finish, rub the surface dry completely with a clean microfiber cloth.

Note:

RAVENOL Leather Car Care is stored in closed containers in a dry and cool place. Protect from direct sunlight, heat and frost. Keep out of the reach of children. Wash hands thoroughly after use.

Characteristics

- Suitable for all natural leathers
- Equally suitable for artificial leathers
- Selected, high-quality ingredients
- Gives colors new vitality
- Contains natural-based ingredients
